Seattle Girls Choir

Placement Audition Kit

Dear Prospective Choir Member:

Thank you for your inquiry about Seattle Girls Choir! We appreciate hearing from you, and hope to welcome you soon into our community.

Since its inception in 1982, the Seattle Girls Choir has grown to become one of the premier musical organizations in Seattle. We are proud to contribute to our community musically literate, confident, and mature young women. We teach musicianship, voice, music theory, ear training and sight singing in an environment where students enjoy the company of intelligent and talented peers, make world-class music and develop life-long friendships. We provide excellent performance opportunities locally, regionally and abroad.

We have a five-level program for girls 2nd grade through high school at our rehearsal site located in the north Capitol Hill neighborhood at 1300 E. Aloha, Volunteer Park SDA Church.

“Dolcine” – for girls primarily in 2nd grade meets Tuesdays from 4:45-6:30

“Vivissimi” – for girls primarily 3rd and 4th grades meets Thursdays from 4:30 to 6:30
The two-hour rehearsal includes a break and a half hour each week devoted to sight singing and music theory.

“Allegra” – for girls 10 and above – meets Tuesdays and Thursdays from 4:30 to 6:30.
The two-hour rehearsal includes a break and on one of those days a half hour devoted to sight singing and music theory.

“Cantamus” (Intermediate Choir) – middle & high school girls, meets on Mon. and Wed.
Monday: Choral Rehearsal 4:30 to 6:15 - Sack Dinner Break 6:15 to 6:30
Weekly Music theory and sight singing class from 6:30 to 7:30
Wednesday: Choral Rehearsal from 4:30 to 6:30

“Prime Voci” (Advanced Choir) – includes international tours, professional recordings and special performances. Prime Voci meets Monday and Wednesday at the same time as Cantamus, and girls from these two choirs attend music theory and sight singing classes together. We combine the Upper Division choirs when a large choir is needed.

SCHEDULING A PLACEMENT AUDITION:

**HOW TO PREPARE FOR YOUR AUDITION
WHAT TO EXPECT AT THE AUDITION
AND WHAT WE ARE LOOKING (LISTENING) FOR:**

Auditioning for the Seattle Girls Choir is not as difficult as the term “audition” implies. Our auditions are an opportunity for us to get acquainted with you and a parent, hear your voice, and determine placement in our program. We look for potential, rather than polished performances.

The audition will start with just a few minutes of chatting to get to know you. You will then be asked to sing a song *a cappella* (unaccompanied). We are quite informal with the youngest girls, and simple songs are just fine. Choose a solo that you like! Songs you choose need not be complicated – we just want to hear you singing something you enjoy that demonstrates your voice. Your solo can be from a musical, learned at school, a hymn, a folk song, from a movie, a lighter popular song or an operatic aria or art song (please, no rock). You will also be asked to sing the first verse of *My Country 'Tis of Thee*, which will be coached by our faculty. Here, we are trying to get a sense of how quickly you learn and adapt to changes and suggestions.

We will then evaluate your ability to match pitches, an essential skill for progressing in our program. This will start simply, where a single note is played on the piano and you are asked to match it. It will get progressively more difficult, advancing to two or three pitches played simultaneously that you have to sing back. If you have a private music teacher or a school music teacher who is willing to help you this is something you can practice ahead of time!

If you have a small photo of yourself (school picture fine) when filling out your audition application please mail them all together. Otherwise please bring with you to the audition appointment and we'll add it to your file.

AUDITION APPOINTMENTS:

Upon receipt of your audition application, we will call you, followed by an email, to set a firm appointment day, time and location. Directions to the audition will be given at that time.

Please feel free to contact us with any questions you may have about our program. Phone 206-526-1900, email audition@seattlegirlschoir.org, or visit our website for more information: www.seattlegirlschoir.org.

Sincerely,

Jacob Winkler
Artistic Director

TUITION RATES 2018-2019 SEASON (NOT YET SET)

Seattle Girls Choir rehearsal season is essentially made up of two five month semesters: September through January and February through June plus August Sleep-Away Choir Camp required for girls in our three upper choir levels.

Tuition for upper choir levels is spread over 10-months and includes the camp fees as it is an integral part of the curriculum.

The tuition rates below are effective beginning Fall Semester 2017. Financial Aid is available with demonstrated need.

Families are also expected to volunteer at least once per season to support the program and the opportunities provided for the girls.

Families may choose from three payment options:

- 1) Pay for the entire season
- 2) Pay twice within season (Sept. 1st and Feb. 1st)
- 3) Pay monthly over 10 months, September through June

DOLCINE:	\$1260/season or \$126 per month, Sept-June	1hr 45 min. of instruction weekly
VIVISSIMI:	\$1500/season or \$150 per month, Sept-June	2 hours of instruction weekly
ALLEGRA:	\$1760/season or \$176 per month, Sept-June	Four hours of instruction weekly Mandatory Choir Camp first week of August
CANTAMUS:	\$2110/season or \$211 per month, Sept-June	Five hours of instruction weekly Mandatory Choir Camp first week of August
PRIME VOCE:	\$2245/season or \$224.50 per month, Sept-June	Five hours of instruction weekly Mandatory Choir Camp first week of August

Tuition must be current for a girl to be admitted to class and to perform in concerts.

Each additional chorister in a family is issued a \$100 tuition discount per semester.

QUOTES FROM ALUMNAE

Samantha Eco – 2016 Graduate – Joined Spring of 2008 – attending University of Washington
... I have learned to love my laugh, it is infectious. I have learned to love my voice, it is powerful. I have learned to love who I am, all because of this community. The friends I have made in choir are some that I plan to keep for a lifetime. These friends, although cliché, are my sisters (in AND out of singing). Experiencing everything from having your breath taken away during a concert to having your breath taken away under the stars at camp, the bond between choristers is indescribable and these relationships have built my confidence. Together, we remind each other that we are all women (or persons) of value.

Maya Troll - 2012 Graduate – Joined January 2000, Colby College
“Ten years later, my journey with the choir is drawing to a close. My childhood awe is balanced by adult understanding. My wait has been a decade of rehearsals and summer camp, full of music, dress hemmings, and Tully’s lattes. I’ve sung masses and seen shooting stars. I have learned the importance of dedication and hard work. I have developed the tools to understand what I sing technically, and the curiosity to look for artistic meaning. I have become part of a community, developed a sense of responsibility towards my girls. I have learned to lean and be leaned on, to channel my emotions, to challenge myself. While I was learning to create the sound that so inspired my little girl self, choir shaped me into the person I am today.”

Rachael Carleson - 2011 Graduate – Joined Spring 2002, University of Puget Sound School of Music
“The Seattle Girls Choir has been my Narnia. For the past nine years of my life, I could always climb through the wardrobe, push through the fur coats, and fall into my sanctuary, safe from what lingered in the outside world. The Pevensie siblings faced immense challenges, loss, fear and gained strength, courage, love and identity; altogether working for something much larger than themselves in Narnia. Not everyone has the opportunity to discover, learn and grow in a passionate environment the way my 100 or so fellow choristers do, and that is one of the reasons I cherish these years in my life so.”

Monica Anderson – 2010 Graduate - Joined September 1999 - Villanova University
“I grew up in this environment and it has made me who I am today. I am a confident, independent young woman who is not afraid to voice her opinion because I learned how to speak for myself and be confident as a woman through choir. I have been empowered by Seattle Girls Choir to follow my dreams and heart no matter where they take me.”

Amanda Kunz – 2010 Graduate - Joined September 2000 – Central WA University, Composition
“Seattle Girls Choir was my first musical outlet. It was here that I learned the basic tools that are now fundamental in not only my music, but in my life. I learned rhythm, solfege, theory, intonation, good singing technique. It would be foolish to say that my learning stopped there. I learned to love to sing, I learned musicianship, leadership, and I established relationships that I know will be with me throughout my life.”

Sheila Houlahan – 2009 Graduate - Joined in 1998 – Conservatory of Music at Webster University
“Besides the extensive training, I’m really grateful for the friends I made at SGC. Choir friends are different from school friends. I believe that there is some psychological bond that forms between choristers that isn’t there necessarily in other friendships. We have to get along and understand each other in order to produce a unified sound. Because participating in the act of singing means you really have to put yourself out there artistically, I’m comfortable with really being myself around choir girls since they’ve already seen a part of me through the music that most other people don’t see. Some of my favorite choir memories are from choir camp, where choristers form deeper bonds from being in close proximity to each other for a long time.”

Hilary Johnson – 2007 Graduate - Joined in 1996 – USC Thornton School of Music – Vocal Jazz Studies
” I’ve acquired the understanding of self-discipline. Internal motivation cultivated during my experience in SGC has manifested itself in all other aspects of my life. The individual accountability the Seattle Girls Choir preaches has expressed itself in my academic life, relationships and activity in music. While the expectations to meet demands as an individual and a choral group is high, higher yet, however is the expectation that these aspirations will not only be met, but will be revised upward and even be exceeded.”
“My deep love of jazz has combined with my choral experience to form the new concept that I, alone, was capable of creating music. The personal experiences and emotions I’ve had were given meaning in this vocal expression. By expressing them, I was forced to recognize them and examine parts of myself.”
